

\$137.71 May 11, 2018 Quickly find your bill amount and due date.

Your energy bill The Message Message Center Center provides timely and important information about

your energy

services.

This bill reflects BPU approved changes, effective Septem 2017, to the Supply and Delivery portions of your electric bill. The change in the Supply portion is the result of an increase in transmission charges if you receive PSE&G's Basic Generation Service (BGS). The change in the Delivery portion is the result of an increase in the Electric Base Rates due to Energy Strong investments, as well as the approval of the new Energy Efficiency 2017 Program included in the Green Program Recovery Charge. Due to these changes, a typical residential customer who purchases supply from PSE&G, and uses 750 kilowatt-hours in a summer month and 7,200 kilowatt-hours annually will see an annual increase of \$6.24 or approximately 0.50%. Tariff information may also be found by visiting pseg.com/tariffs.

Bill date: April 27, 2017 For the period: March 24, 2018 to April 25, 2018
