PSE&G WorryFree Services are only available to customers located in PSE&G's service territory. Similar services can be provided by service companies other than PSE&G. A list of those service companies may be available from public listings, including telephone directories. Customers are not required to purchase WorryFree Services to receive safe, adequate and proper utility service or to take part in utility energy efficiency programs. WorryFree Plans do not provide for gas emergency service. If you detect a gas odor, have a gas appliance that will not shut off, or have a carbon monoxide concern, contact your local gas utility. PSE&G will provide to our gas customers, free of charge, such services as gas leak investigations and other safety-related services. ΔPremier heating plans only cover gas water boilers. Steam boilers are excluded. ∅An elite brand kitchen appliance can only be covered under a WorryFree Elite Brand Plan.
